

**DISHA JOSHI** ~I want to learn and apply what I learn.

**ABOUT ME:** I'm Disha Joshi, a first-year Computer Engineering student with a strong enthusiasm for tech and problem-solving. I'm currently building a solid foundation in programming. I'm eager to improve my technical skills, work on real-world projects, and gain practical experience beyond what we learn in class. I'm really motivated to keep learning and growing.
